Hello Captain Wall,

Yes, Outreach staff have been informing those in the LA River as well as the Sepulveda Basin about the upcoming rains. All outreach was given a report of the set times the rain is going to hit Los Angeles to inform and connect those to services in preparation of the rain.

Our weekend outreach will be deployed to cover areas near and around the LA River. Due to safety concerns once the rain occurs outreach is advised not to be inside the LA River.

Also note that various Winter Shelter in the County of LA have extended their hours due to the rain.

I also cc'ed the following management that will be covering this weekend. Feel free to reach out to them if you have questions.
